and Run Smart Business"*

Who We Are

Soft-Tech is a premium technology consulting, business solutions and system integration company, focused on helping Sub-Saharan African companies transform and grow their business in the digital era.

Our Vision

Become a premium consulting, technology and software implementation partner for Sub-Saharan African companies who want to transform their businesses using technology.

Our Mission

Achieving customer service excellence in consulting and implementing technology solutions thereby delivering superior value and building trusted relationships.

Our Reach

Soft-Tech Consultants Ltd has its presence in Tanzania, Uganda, Ghana, Gambia, Lesotho, Zanzibar, Nigeria, Malawi and India.

Our Experience

At Soft-Tech, we have been committed to service excellence to our customers for over 29 years.

- 1993** — Soft-Tech began
- 2001** — New group company Satcom Networks Africa Ltd was formed
-  — Over 29 years

Protect Your Business From Cyber Threats.

With the ever changing cyber landscape, a security breach is only a matter of time. As your business grows so does your cyber risk; and with the cost of breaches ever increasing, you can no longer afford not to take action!

Understand how your current cyber risk translates to business risk.

Build frameworks, deploy policies and solutions to stay protected.

Equip your staff with the right skillset to identify and prevent potential risks.

End-to-End Service

Consultancy & Advisory Services

Cybersecurity Maturity Assessment

Evaluate your current cybersecurity posture, conduct maturity modelling and provide a road map for a holistic security strategy.

IS Policies Advisory
